Attorney Docket: P65855US0

REMARKS

Applicant respectfully submits that the present invention as claimed does not contain new matter. All claims are now present for examination and favorable reconsideration is respectfully requested in view of the following comments.

REJECTIONS UNDER 35 U.S.C. § 112 FIRST PARAPGRAPH:

Claims 1 - 4 have been rejected under 35 U.S.C. § 112, first paragraph, as allegedly failing to satisfy the written description requirement and containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Applicant respectfully submits that replacing the term "dual-locus operation" by the term "two-place operation" is not adding new matter. Applicant respectfully submits a copy of relevant pages in an English-Russian Mathematical Dictionary (Ye. G. Kovalenko, English-Russian Mathematical Dictionary, Vol. 2, Moscow, Erika, 1994, ISBN-5-86455-004-3, Page 547, Col. 2, Line 3). It is respectfully submitted that the English translation of "two-place operation" corresponds to the original Russian language in the specification ("двуместная операция"). Thus, no new matter was introduced in the Applicant's response to the previous Official Action.

Therefore, the rejection under 35 U.S.C. § 112, first paragraph has been overcome. Accordingly, withdrawal of the rejections under 35 U.S.C. § 112, first paragraph, is respectfully requested.
